FACTS AND OBSERVATIONS

Paintsville, Ashland, Etc.

We reached Paintsville, landing at 3 p. m. on Thursday, April 11.

We met R. E. Stanley, of Prestonburg, on the run to transfer from one boat to another. He is an enterprising stock dealer and was en route to Mt. Sterling market.

W. S. Boyd is in charge of Paintsville Warehouse. Much freight passes through this house for Johnson and Magoffin and probably other companies.

Prof. J. B. Wheatley is President of Mountain College. We hope to receive some items in regard to the school.

Since our last visit W. W. Stafford, the merchant, has formed a partnership with his brother, H. M. Stafford, and Isaac Ward, under the firm name of Staffords & Ward, Wholesale Grocers. Their place of business is in town, but we heard that they contemplate building at the wharf.

J. W. Castle is the furniture dealer and undertaker of the town. We did not have time to meet the other business firms of the town, so will see them later.

James F. Bailey is an agreeable young man. He is a lumberer in the sale of lands and will no doubt be successful. This information was given by a gentleman in town.

We stopped with Milt Hager, proprietor of one of the hotels. He has changed locations since July. He informed us that coal cost him 4 delivered in his cellar.

We heard mention made of coal banks 7 and 14 feet thick (this is not given as a Fact or Observation). Ex Congressman Fitzpatrick, of Prestonburg, was reported as dangerously sick.

The country for miles around town abounds with coal. The time is not far distant when Eastern Kentucky will have many railroads to put on the market the great mineral, timber and oil resources.

NATURAL GAS

will make great changes in commercial affairs and will be a "joy forever" (as long as it lasts) to housekeepers. A recital of a fact or two will quicken the desire of Mt. Sterling people to encourage the development of gas wells in territory tributary to our city.

W. C. Hager is an enterprising clothier of Ashland. His store room is 25x30 ft. and is lighted by 12 natural gas jets at a cost of 70c per month for the 12. The service is reported better than by electric light, which, by yearly contract, had cost \$8.62 per month.

We stopped at the Aldine, which is forging to the front. Here we had our first experience in turning on natural gas. The room was soon made comfortable—no coal to carry, no ashes to fly over everything, no smoke—"heap much" pleasure, "heap little" trouble.

We thought of our wife and thousands of others who would be "ticked to death" if natural gas were available in the regions around Mt. Sterling. For manufacturing purposes it is sold as low as 5 (five cents) per 1,000 feet. Think of this, my countrymen!

At Catlettsburg a gentleman told us that his natural gas bill for March was \$6. He used 14 burners 8 hours a day.

Another had 15 lights, a heater and an urn for water and his bill for March was \$6.

Another had paid \$3.55 for six 10 candle power electric; he now pays \$3.00 for 9 gas lights and a stove.

The retail price of coal is 50 de-

livered to our informant. Mr. James Harper, brother of Waller Harper, of our city, gave us some of this information.

OLIVE HILL.

Returning from up the country we stopped for a few hours on Saturday morning at Denton and found our friend, closed a deal for 1,000 catalogues, had a fine dinner at the hotel kept by Mrs. Duval.

Reached Olive Hill about noon to attend the Carter County Co-operative meeting of the Christian churches. Rev. R. B. Neal was in charge. Visiting preachers were scarce. We spoke to the people on Saturday and Sunday evenings.

Our time was so occupied on Saturday that we could not give usual attention to business, but will call again.

While there we spent one night with Prof. Burley and the next with Dr. J. L. Huggins. We reached home at 7:10 on Monday morning.

The Goebel Monument.

Ex-Gov. James B. McCreary,

Chairman of the Goebel Monument Committee, in answer to inquiries as to when work on the monument will begin, the amount of money raised, etc., gives out a statement in which he says that he recently consulted Mr. Arthur Goebel about the design and the proper time to commence work and it was agreed that a meeting be held when Justice Goebel, now in Arizona, can also be present, which will be some time this spring or early summer.

The amount to the credit of the Goebel Monument Fund in the Farmers Bank at Frankfort is \$6,470, and in addition to this, Mrs. C. C. McHard, Chairman of the Ladies' Committee, has collected about \$5,000. There are some expenses to be paid, such as printing lithographed certificates, letters, etc., which will amount to several hundred dollars, leaving fully \$11,000 to be expended for the monument, which should, and doubtless will be, the largest and handsomest ever erected in Kentucky.

Don't cry. Tears do well enough in novels, but are out of place in real life.

At Lexington Joe McCann has fled suit against the noted turfman, John E. Madden, to compel him to carry out a written agreement to buy his farm of 185 acres for \$12,500.

Clerking

Looks more attractive than housework for a woman, but it is also even more exhausting. The work is often done under high pressure, and the brightness of the eyes and the fineness of the fingers, which are the hallmarks of the clerical woman, are the result of the intense nervousness rather than health. It is this true under most favorable conditions, which shall be said to those who are called to work from womanly duties, and who are weary, backache and other pains do not alter?

No sick woman could neglect the means of cure for womanly diseases, which are the result of the intense nervousness rather than health. It is this true under most favorable conditions, which shall be said to those who are called to work from womanly duties, and who are weary, backache and other pains do not alter?

CHURCH CONFEDERATION.

An Important Meeting—To What Will It Lead.

* At a meeting of religious workers at Columbus, O., on April 9, steps were taken for a federation of all the Protestant churches and Christian workers of Ohio.

These denominations were represented at the conference: Methodist, Presbyterian, Baptist, Congregational, Lutheran, Reformed and Episcopal.

The object of the proposed federation is to bring the various denominations into close affiliation in the work, in which all have a common interest.

One of the objects is to prevent the overlapping of the work of the churches in any community and to prevent such a multiplicity of churches as to cripple all of those of a community. Now some fields are overcrowded and others neglected because each denomination fights for itself. It would be one aim to see that the pastors of all denominations were notified, one by another, of any person of a given denomination who should happen in at a church not of his denomination that the proper pastor might extend to him an invitation. All pastors of all denominations would make a united effort to convert all now outside the church by taking up individual cases systematically.

There would also be a co-operation in all charitable work in a community.

A committee was selected by the confederation to carry on a campaign for federation. This committee will devote itself to bringing the subject before the various denominations, by correspondence, personal visits and agitation at the various denominational meetings.

Columbus will be made the headquarters from which this work will be conducted.

Wanted.

The Lake View Flower Store, J. D. Yarrington, proprietor, of Lexington, wishes to establish agency in this city. Here is an opportunity for an energetic person to do well.

Permitting a Nuisance.

In indictments against the city of Owensboro for maintaining an unclean city prison, and against the Mayor and Council individually for permitting the nuisance, Circuit Court Judge Owen rendered two important rulings. He sustained the demurrers to both indictments, holding that municipalities and officers are not subject to indictment for such offenses. The case against the city was abated, and an appeal taken by Commonwealth in the case against the Mayor and Councilman.

From Louisa.

In the Circuit Court Jesse and George Sturgill were acquitted of the charge of murdering Mont Holbrook.

John Abbott, convicted of the murder of Jay Burton and given fifteen years, was taken to the Catlettsburg jail, because of a report that Burton's friends would lynch him.

Snow Storm.

On last Tuesday one of the worst snow storms in recent years was raging in Wyoming. Reports show that thousands of cattle and sheep have been lost. One ranch alone lost 2,500 head of cattle and another lost 6,000 sheep. All the small ranchmen in Western Nebraska, North Dakota and Eastern Wyoming have lost heavily. The temperature was near zero.

"POETRY AND PEARLS"

During the season of 1899-1900 Hon. Alf Taylor delivered his lecture entitled "Poetry and Pearls" in about seventy-five cities and towns of the South and Southwest, and its success was so instantaneous and universal as to place him at once among the foremost American platform entertainers. Calls for the repetition of this lecture have been so numerous that Mr. Taylor has decided to present it during the season of 1901.

"Poetry and Pearls." In brief, the song of optimism.—Mobile Daily Register.

"Poetry and Pearls" claimed every one; it is simply a masterpiece, and Mr. Taylor gave his audience an intellectual feast fit for a king.—Waycross (Ga.) Herald.

From beginning to end the lecture abounds with beautiful language.—Nashville American.

Mr. Taylor came as near, perhaps, to describing the beauties of woman and love as any man ever will.—Chattanooga News.

The lecture of Hon. Alf Taylor was a brilliant success. In sentiment pathos, and in bright flights of fancy he is the equal of his famous brother, Gov. Bob Taylor.—DeSoto (La.) News.

To have heard "Poetry and Pearls" is the pleasure of my life.—Col. A. S. Colyar, Nashville, Tenn.

WHY MARK TWAIN SUCCEEDS.

Retired of Sham and Pretense is the Secret, Says This Authority.

Mark Twain's literary hold on the world is so innocent of all tradition and logic that the challenge to explain the situation is an irresistible one to those who talk about him or write about him, though it does not particularly worry people when they read him. The gentlemen who have made a study of such matters have said his literary style is naïveté; that his stories are ill constructed, according to the esthetic standards; that his travel sketches are inconsequential and scrappy; that his historical novels do not create the atmosphere of their time, and so forth—yet these same gentlemen do not deny that he is a great writer, nor do they pretend to withstand his fascination. Indeed, says the Review of Reviews, Mark Twain is certainly fortunate in his ability to hold the attention of the men who make books and writing their business, as well as men who have no interest whatever in books or reading except when the interest is compelled by such an irresistible person as Mr. Clemens.

This cannot be for the mere reason of Mark Twain's humor, although such inimitable humor is a platform on which very varied types and grades of intellect may meet congenially. It must be because the keynote of everything Mr. Clemens writes is his ability to sham, by poetry and pretense—a naïveté vibrating the fibers of manhood in every reader—and because, whether he is a good novel writer or not, he is a born story teller, with the highest art of a typical American raconteur, with all his intuitive and acquired knowledge of human nature, and mastery of all maxims and his audacity. It is this distinction that he is so thoroughly the American. There is no man in his country that he does not know, whose people he does not understand, whose life he has not lived. He knows his subject, he is a European cathedral or a village schoolboy, or an absurd scoundrel, with his soul, healthy, vigorous, living of a man born and bred in the atmosphere of stock and land, with the blinding falsehood of modern civilization. It has been remarked more than once how suggestive of the American eagle are Mr. Clemens' bearing, his piercing eyes and falcon profile.

The British war office has cabled its agents at New Orleans to make no more purchases of mules and horses for South Africa.

Ripley, charged with complicity in the murder of Gov. Goebel, has had his trial and has been acquitted. The justice of the verdict, no man of thought would question, and Ripley is and ought to be a free man. Much interest was taken and the evidence of ex-Gov. Bradley and Judge Yost has created no little consternation in the Taylor-Finley camp. Taylor and Finley may be innocent men, but if they are their actions do not indicate it. Kentuckians will deal fairly with all men, and if justice is what these fugitives want they could get it in Kentucky.

Now that Garnet Ripley, accused of complicity in the murder of Gov. Goebel, has been acquitted by a Democratic jury, it is time for the Republican clamorers to cease their cry of persecution. Perhaps they can give us something fresh about the contemplated sudden departure of that innocent(?) abroad, W. S. Taylor, of Indiana, to a more congenial clime. It is thought that the Governor of Indiana will honor requisition papers for his return.

Some stock men are interested in getting up a fair at Mt. Sterling. If it is to be an exhibit of fine stock, farm products and machinery, we would heartily encourage the enterprise, but if only a trotting track and race course, we have not the time to fool with it.

NEW ORLEANS.

The best time of the year to visit the Southern Metropolis is May, when nature conspires with art to make the visitor think that he has found a large corner of Paradise. There is everything in the new and modern part of the city to attract and charm the tourist that can be found in any American city, while the famous French Quarter with its "old world" atmosphere is like a visit to Europe. The convents and cathedrals and cafes—and especially the latter, are objects of interest. At these eating places the service and cooking are distinctly French. At Antoine's on St. Louis Street is popular with the Artists, and is famous for its many delicacies, while Madame Begue serves a breakfast that attracts people from all parts of the country. The numerous suburbs of picturesque beauty and historic interest may be visited on the street cars.

The Southern Baptist Convention meets in New Orleans this year in May. The railroads all make a one fare for the round trip at that time thus making it possible for any one to visit the wonderful city at the best time. Special rates at the best hotels have been arranged for. Special trains will carry crowds of people. Any one desiring to become a member of a special party with special privileges may write to J. W. HENDEN, Mt. Sterling, Ky. You don't have to be a Baptist to be admitted on this rate.

The finest selection of drugs, as pure as can be made, choice drug-gists, sundries, books, stationery, paints, artists supplies, etc., are to be had at F. C. Duesson's drug store.

It is with a degree of modesty that we reproduce the article written by our brother editor, John C. Wood. Georgetown College has for many years been recognized as the leading educational institution of the South. It is the Alma Mater of many distinguished men of the professions, North and South. To know that a man or woman is an alumnus of this college is an open sesame to honored and lucrative positions. The year 1901 closes, going into history acknowledged to be its most successful term. September next is open to the new President, Dr. Gray, of Alabama. And if our knowledge of him is correct the College will put on a new dress, going forward, not abreast, but as a leader among like institutions.

Miss Mary Pratt Hedden has been at home several days from Georgetown College. She will graduate this year from this famous institution of learning, which is one of the oldest and best in the South, with the A.M. degree, the highest that can be conferred by this school. Miss Hedden graduated from the Mt. Sterling High School in 1896 and entered Georgetown College in the following September for a five years' course. Although, as we have stated, this is one of the oldest colleges in the South, up to this year only two young ladies have taken the A. M. degree—Misses Ruth Bell and Anne Dudley, both of Georgetown. This year there are three young lady graduates with this degree—Miss Hedden, Miss Claudia Crompton, of East Lake, Alabama, and Miss Mable Bughby, of Walton, Ky., making only five in the history of the school. During the five years Miss Hedden has been a pupil there the average number of pupils has reached nearly 400, and there has been an average of six A. M. graduates. There are thirty members of this year's class. Miss Hedden has been a close student, and it is a matter of great pride to her family and a source of gratification to her friends to know that she has gained the highest honors and entered upon the duties of life so well equipped for the battle. We cordially congratulate her.—Mt. Sterling Gazette.

LION COFFEE

A LUXURY WITHIN THE REACH OF ALL!

If you went to buy a lion whelp you would not accept a kitten as a substitute, even if the dealer urges you.
Now, don't accept a substitute for

LION COFFEE.

It is bound to turn out a common yellow cat, with none of the strength of the lion.

Watch our next advertisement.

You want LION COFFEE because it is LION COFFEE.

If, on the other hand, you want a coffee which, in order to hide imperfections, is "highly polished" with eggs and other preparations, then do not buy

LION COFFEE.

If LION COFFEE were common, ordinary stuff, coffee drinkers would not insist on having it. It is used in millions of homes because it is the best coffee in the world for the price. If you doubt this, take a single package home and try it.

In every package of LION COFFEE you will find a fully illustrated and descriptive list. No housekeeper, in fact, no woman, man, boy or girl will fail to find in the list some article which will contribute to their happiness, comfort and convenience, and which they may have by simply cutting out a certain number of Lion Heads from the wrappers of our one pound sealed packages (which is the only form in which this excellent coffee is sold).

New Enterprise.

There are many investment companies that have hunched during the past few years, all of which as we are informed are doing fine business. A gentleman and educator speaking of the business said a graduate of one of our best schools entered a bank with a \$500 salary, ambitious and not satisfied he resigned and went to work for a Lexington investment company, and within three months he had earned \$6,000. Not content with this result he went to Chicago where he came in contact with men of larger means and enlisted them.

We mention this to show the favor these enterprises are meeting all over the country. The most recent organization is the Lexington National Loan & Discount Company which has some features in its contracts commending it more favorably to the attention of investors. Their contract has been submitted to the National Government and has been approved. We are informed that one money institution invested in \$500,000 worth of this company's coupons and that agents from different points are doing a magnificent business.

Ripley Trial.

On Thursday morning in the Franklin Circuit Court Judge Cantrill gave instructions to the jury trying Garnett Ripley for conspiracy in the murder of Wm. Gobel. Two speeches on a side were made by Commonwealth and the defense and the case was given to the jury on Friday. On Saturday the jury brought in a verdict of "not guilty." (Supt. Ripley was indicted by the grand jury of Franklin county, and was arrested on Saturday, February 2. The jury before which he was tried was composed of twelve Franklin county Democrats.

### Important Decision.

The United States Court of Appeals has given a black eye to the Kentucky system of "double taxation." The Louisville Trust Company owned \$16,470 worth of stock in the J. B. Mastingly Company's Distillery. The Distillery Company paid the taxes on this stock, and yet the State Board of Equalization ordered the Louisville Trust Company to pay taxes on it too. The latter resisted and went to law, losing in the lower Court but winning out in the United States Court of Appeals, where it was decided that double taxation was not quite the proper thing. This just decision will apply to thousands of cases, many of which exist here, at home, where the owner of a mortgaged home is assessed for its full value, while the holder of the mortgaged note is assessed on that also. Either one or the other ought to be exempt, else a person is to be taxed on what he owes rather than on what he owns.

### Christian Scientists not Liable.

At Milwaukee, Wisconsin, Judge Eugene S. Elliott in the Circuit Court decided that Christian Scientists are not liable to prosecution under the State medical law. The Court ruled that the Scientists can no more be held for practicing medicine when their means for healing is by prayer than can a minister who prays at the bedside of the sick and receives therefore a fee either directly or indirectly. The case was that of the State against Crecentia Arrizes and Emma Nicholas, Christian Scientists, who treated a child named Goenbach, afflicted with diphtheria, and which died of the disease.

### Taylor's Partner in Frankfort.

Attorney Merrill Moores, of Indianapolis, recent law partner of W. S. Taylor, arrived in Frankfort on Tuesday. He was there presumably to look over the situation and to find out what steps were being taken to secure the return of his partner to the State. He says that Taylor and Renben Miller, of Breckenridge county, are now associated in the practice of law.

### Beware of Quinments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surface. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and it taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists, price 75c per bottle.

Bitten by Mad Dog

Mr. Allen Kinnard, living near Vaneburg, was just being out with a mad dog that was near the last stage of the rabies. He is in such a stage of anxiety that it is feared he may lose his mind.

The worries of a weak and sick mother are only begun with the birth of her child. By day her work is constantly interrupted and at night her rest is broken by the wailing of the peevish, puny infant.

Dr. Pierce's Favorite Prescription makes weak women strong and sick women well. It lightens all the burdens of maternity, giving to mothers strength and vigor, which they impart to their children. In over thirty years of practice Dr. Pierce and his associate staff of nearly a score of physicians have treated and cured more than half a million suffering women. Sick women are invited to consult Dr. Pierce by letter free of charge. All correspondence is strictly private. Address Dr. R. V. Pierce, Juvenile's Hotel and Surgical Institute, Buffalo, N. Y.

### The Salary of a King.

When we read that King Edward has just been fixed out with a salary of something over \$2,500,000 a year, and that all the little kinglets and uncles and aunts and cousins who have blue blood in their veins have been allowed to dip deep into the British treasury, there is more than ever, in the American mind, a hatred for royalty.

England is almost a republic. The King has been termed some sort of a vermiform appendix of Parliament. He does no particular harm, and unless pomp and parade and glitter are good for the people, no great good. He can not alone start a war or stop it. He can neither take or give away public property.

# Contagious Blood Poison

There is no poison so highly contagious, so deceptive and so destructive. Don't be sure you are cured because all external signs of the disease have disappeared, and the doctor says you are well. Many persons have been down with mercury and arsenic for months or years, and produced cured—to realize when too late the disease was only buried in the system. **Bogus Like**, driven from the system, and to their sorrow and mortification find those nearest and dearest to them have been infected by this loathsome disease, for no other poison is so surely transmitted from parent to child as this. Often a bad case of Rheumatism, Catarrh, Scrofula or severe skin disease, an old sore or ulcer developing in middle life, can be traced to blood poison contracted in early years.

**The Sin of the Parents**, in that it remains smoldering in the system forever, unless properly treated and driven out in the beginning. S. S. S. is the only antidote for this pestiferous virus, the only remedy known that can overcome it and drive it out of the blood, and it does this so thoroughly and effectually that there is never a return of the disease to embarrass or irritate you afterwards.

**SSS** cures Contagious Blood Poison in all and all stages; contains no mineral to break down your constitution; it is purely vegetable and the only blood purifier known that cures the blood at the same time builds up the general health.

Our little book on contagious blood poison is the most complete and instructive ever issued; it not only tells all about this disease but also how to cure yourself at home. It is free and should be in the hands of everyone seeking a cure. Send for it.

# Blood.

Welfare by our blood, and on we thrive or starve, as blood is rich or poor.

There is nothing else to live on or by.

When strength is full and spirits high, we are being refreshed, bone muscle and brain, in body and mind, with continual flow of rich blood.

This is health.

When weak, in low spirits, after, no spring, when rest, no rest and sleep is not deep, we are starved; our blood is poor; there is little nutrient in it.

Back of the blood, is food to keep the blood rich. When fails, take Scott's Emulsion or Cod Liver Oil. It sets the whole body going again—man and child.

## Seeding Oats in the Corn Belt.

In my country, that part of the farm which is not strong enough to bring a good crop of corn is usually seeded to oats. The ground is broken in the fall or early winter and as soon as the weather will permit spring operations, the field is well harrowed, using the disk harrow, which is the best tool for the purpose. The seed is then sown in nearly all cases with the grain drill. If the ground is dry enough to insure a good covering.

Grass seed is rarely ever sown with oats in this section of the country, because of the fact that the condition of the ground, the weather, etc., will not permit early seeding. This work is usually put off until the latter part of March or April. Clover is sometimes sown with oats and has proved a very good catch crop. The clover seed is usually sown after the oats have come through the ground. Where the corn ground has not been sown to wheat, oats are sown in the spring and are generally dry. The cultivator is used for this purpose and is followed by the drag harrow. This method generally gives good results.

If farmers could secure a hardy fall or winter oat, then the oat question would not worry them during the wet spring months. I have a very good grade of winter oats and have raised them successfully for several years. Oats do not require a very deep covering, especially if sown late. Two bushels of seed per acre is the amount universally used. If oat seed is particularly clean, the grain drill will give better results than the broadcast method, in that the crop will be more uniform and bunching, which so often occurs when the latter plan is used, will not result.—Indiana Ex.

Spring coughs are especially dangerous and unless cured at once, serious results often follow. One Minute Cough Cure acts like magic. It is not a common mixture but is a high grade remedy. F. C. Dierston.

A dispatch from Washington under date of April 11, says: The Order of the Buffalo is receiving governmental recognition. The new \$10 United States note will carry as its characteristic design the emblem of the buffalo. It will be known as the "Buffalo Bill." To a degree, the action of the Government is paradoxical. The buffalo is nearly extinct. So are \$10 bills among members of the Order of the Buffalo, who are mindful of the fact that "No Change" is the pass word.

It is just possible that the Secretary of the Treasury did not have the Order on his mind at all when he made the selection. Just possible.

The picture used on the Buffalo Bill was made from a photograph of the stuffed buffalo in the National Museum. On each side of it are portraits of Lewis and Clark, explorers. The denomination of the bill is printed in large red letters, with the letter X crossing the letters.

Mrs. John G. Winn and children are visiting at Pine Grove.

Miss Belle Dudley, of Flemingsburg, is the guest of Miss Mattie Tabb.

Wm. Payne, of Chicago, came on Saturday to attend his father's funeral.

Miss Anna Johnson has returned from a visit to her sister at Milledgeville, Ga.

Mrs. D. M. Chenault, of Richmond, is visiting the family of her father, J. D. Reid.

Anderson (Chenault and wife returned from New Mexico on Tuesday. We were pleased to see him looking so well.

Mrs. John W. Langston, of Lexington, who has been with her father, Mr. Gus Sullivan, the past week, returned to her home Saturday.

Mr. Paul Hoover and wife came on Saturday to spend a few days with the family of N. H. Trimble. We are pleased to say that Mat C. Clay has sufficiently recovered from his injuries to be out on crutches.

The condition of Mr. N. B. Lloyd continues very critical and his demise is expected at any moment.

### Nice Gift.

On Saturday last Miss Nellie Sutton, daughter of A. W. Sutton, was the recipient of a \$100 check from Mr. C. Shenkberg, Sioux City, Iowa, for whose daughter Miss Nellie is a namesake, with the statement that she would receive a like amount each year until she is educated. Mr. Shenkberg was formerly a partner of Mrs. Sutton's father and is a very wealthy man.

## RELIGIOUS.

Nashville wants the Southern Baptist Convention in 1902.

At a Catholic congress in Chicago a protest was voted which was endorsed by the Pope by wire against the growing high school system which is being fostered by the states.

Rev. E. O. Guerrant, who has been the pastor of the Presbyterian church at Wilmore for about fifteen years, sent his resignation to the church a few Sundays ago and will devote his time in the future to evangelistic work.

The meeting at the Baptist church closed on last Friday evening. Dr. John H. Boyet, of Louisville, who did the preaching, endeavored himself to our people. A close reasoner, broad in information, eloquent and pleasing, the gospel was presented in love and power. His labors will live long and the seed sown may yield much fruit.

Dr. A. T. Robertson, of the Southern Baptist Theological Seminary, preached two fine sermons at the Baptist church Sunday. He is raising an additional endowment of \$200,000 for the Seminary and at his appeal Sunday, though the congregation on account of the weather

ville. We remember him first as a supply pastor of the Mt. Sterling Baptist Church; Pastor at David's Fork, Fayette county; St. Joe, St. Louis, and now New York City where the great millionaire, John D. Rockefeller, worships. We congratulate church and pastor.

Regular services next Sunday morning and evening at the Baptist church, preaching by the pastor. Subject for 11 a. m. "Christ, the Destroyer." Evening subject, "Christ, a Refuge." A cordial invitation to all.

You are invited to attend the prayer meeting at the Baptist church Wednesday evening.

It is an unfeigned pleasure to welcome to the metropolis the Rev. Mr. Forest, of the Christian (or Disciples) Mission, appointed to labor permanently among the student population. As far as one can judge from a single interview, Mr. Forest is well equipped for the particular work to which he is assigned and will worthily represent his church in this city. The Christian church has grown rapidly in the United States in recent years, but up to the present time its missionary activity has hardly been commensurate with its expansion. We are glad to see that there is likely to be a large development of missionary interest in this growing body of American

## DEATHS.

Talbott.—Dr. John Talbott, of Hutehinson Station, died at Lexington on Thursday morning.

Kash.—Kolin C. Kash, aged about 30 years died at Hazel Green, Ky., on Wednesday, April 17, 1901, after a long sickness with consumption. He was born and reared in the town. His father was Joseph M. Kash, deceased. His mother is a daughter of Harrison Swango. He married Miss Louisa Day, twin daughter of J. T. Day and wife, and niece of our junior editor. To them were born three children. The funeral service was held on Friday morning.

Simrall.—Ex-Mayor of Lexington, Joseph B. Simrall, died at the Good Samaritan Hospital in that city on Thursday afternoon, April 18, after a long sickness. He was 67 years old and always lived in Fayette county. He joined the Confederacy in September, '62 and served in the 8th Kentucky Cavalry under Gen. Morgan. He was captured in the Ohio raid. At the close of the war he returned to Lexington and engaged in business as a druggist until '95, when he was elected Mayor, having previously been Alderman for two terms. In 1870 he married Miss Ellen Harrison, who died in 93, leaving four children. The funeral service was held Saturday. He is a brother of Dr. W. T. Simrall, of this city.

Payne.—George W. Payne died at his home on Stepstone on Friday morning, April 19, 1901, after a sickness of seven days with pneumonia and other complications. He was born October 12, 1838, hence was in his 63rd year. He has always lived in the neighborhood. He married Miss Adeline Woodard. To them were born six children—Ewell, Mary, Wm., Marcia, Rievas, Mattie and Leslie. Will lives in Chicago; Leslie has been in Paris for a few months, and the other are of this county. The funeral service was conducted at the home on Sunday morning by B. W. Trimble, who also conducted the funeral service of Mrs. Payne on Sunday morning, November 22, 1890. The burial was in Macphail in this city. For many years he has been a member of the Corinthian Christian church. He was an excellent citizen, neighborly, generous, honest and upright. As husband and father he was loving and kind. A gentleman who had lived by him for 23 years said there was no better neighbor than he. Our county has lost one whose life has been a blessing to it. His children can call him blessed. To them we extend our sympathy.

Goodpaster.—On Thursday, April 18, 1901, at his home near Melrose, I. T. Mr. Wash Goodpaster died after a brief sickness. He was born in Bath county, Ky., in February, 1812. His first wife was a Miss Pieratt. After her death he moved to Morgan county. His second wife was a Miss Oakley of that county. To them were born eight children, four of whom are living. One of these is Mrs. Mark Ferguson, of this county. She died in 1862. In 1865 he married Miss Elizabeth Amyx, near Hazel Green. Of their four children, three—Peter, Robert and Joe—survive him. For 15 years he has been a widower. In 1865 he became a citizen of this county, living here until about 1895 when he went to Indian Territory. His remains, accompanied by his son Peter, arrived in this city on Saturday and were taken to the home of Press Amyx. The funeral service was held on Sunday afternoon, conducted by Rev. I. D. Clark, and the body was laid to rest in Macphail. He was an honorable citizen, industrious and honest. He accumulated a comfortable living, but reversed came and in his old age sought a living by his old.

McDonald.—The funeral services of the late Mrs. George W. McDonald were preached from the

First Baptist church last afternoon. Rev. J. D. Knight, pastor, conducting the services. He paid a loving tribute to the deceased. She was a woman of noble traits of character and beloved by all. The song service was indeed beautiful, the selections being favorites of the deceased. They were: "Nearer My God To Thee," "Jesus Lover of My Soul" and "Asleep in Jesus." The church was crowded with relatives and friends who had come to pay their last tribute to the departed. All the deceased's children were present except one daughter, who resides in California, she being unable to reach here before the last sad rites. The children present were: Mrs. J. V. Brandon, of Chattanooga, Tenn.; F. P. McDonald and wife, of Chillicothe, Ohio; Mrs. J. W. Vaughan, of Olive Hill, and J. C. McDonald, Mt. Sterling. A sister, Mrs. James Jacobs, of Flemingsburg, was also present. The remains were laid to rest in the Ashland cemetery—Ashland News.

Mrs. McDonald lived for many years in this city where she reared her family. No better woman has ever gone out from us than she. She was a member of the Baptist Church, exemplary in her life. Her death is the cause of much sorrow to her friends.

Of Mrs. McDonald much could be said to encourage the poor and rich as well. For indeed her was life behind which the sun ever shown in beauty. It was her desire that all men should be converted, and her Christian heart thrilled with gladness when any of hers were born of God. Those who knew her best admired her life work. The poor and faltering found in her a friend and righteous need an approval. In heavy clouds of adversity, in bright prosperity alike she saw the hand of Him who guides and rules. Peace to her ashes and comfort to the bereft.

Stults.—Mrs. Elizabeth Stults died at the home of her daughter, Mrs. Russell, on Willow Street, on Saturday evening of pneumonia aged sixty-five years. She was a member of the Baptist church and had lived in this county for about ten years. Her husband was John Stults. Funeral was preached at the residence Monday morning by Rev. W. J. Holin.

Strood.—Saturday, at her home in Winchester, Mrs. Wallace Strode (nee Miss Lida Lockman), died suddenly of heart disease. She leaves a young husband and 2 weeks old babe. Mrs. T. M. Farish and Miss Dorothy Myrheir, of this city, attended the funeral.

McNamara.—Patsy McNamara was born in Ireland in May, 1840. At the age of 16 years he came to the United States. For about 34 years he has been a resident of this city. He married Miss Kate Gibbons of this county. To them were born 11 children, of whom 10 are living. Previous to the year 1889 he was for about 8 years a member of the City Council. For some years he was a grocer in this city, and also a breeder of fine horses. His health had been feeble for a short time. For medical treatment he was in Cincinnati, O., for 10 days, returning home on last Tuesday. His condition became serious by reason of a rapid development of kidney trouble, and on Friday, April 20, 1901, at 6 p. m. he died. The funeral service was held at the Catholic Church on Sunday morning and the body was laid to rest in St. Thomas Cemetery.

Darnell.—The Brighton Register, of Brighton, Arapahoe county, Colorado, announces the death of Mrs. Mary B. Darnell at the home of her daughter, Mrs. M. E. Black, April 18th. She was a native of Madison county and was born in the year 1816. For a number of years she lived near Aaron's Run, this county, and moved to Missouri in 1853 and in 1873 removed to Golden, Col., and in 1883 to Brighton, where Mr. Darnell died in 1880. She leaves four children. She was a member of the

First Baptist Church, Denver, and it is a comfort to know she was a Christian woman. Mrs. Darnell was a first cousin of Menckens Miles Kash, James Greene, S. W. Anderson and Mr. John H. Oldham, all of this county.

Stratton.—Mrs. Martha Willets Stratton died in this city at the home of her son in law, G. L. Kirkpatrick on Sunday afternoon, April 21, 1901, after a sickness of seven days with pneumonia. She was born at Wilkesbarre, Pa., in 1819, hence was in her 82nd year. Her husband, Chester Stratton, died 23 years ago. During the residence of Mr. Kirkpatrick, in this city her home has been with her daughter. She leaves five children: William, of Parkersburg, Pa.; Wellington, of Hillsboro, O.; Mrs. Chas. Chappeler and Miss Jennie, both of Zanesville, O., and Mrs. Kirkpatrick, of our city. All except her son, William, who was kept away by high water, were present at the funeral. The funeral service will be conducted at the residence this (Tuesday) afternoon at 2 o'clock by Rev. George C. Abbott and the burial will be in Macphail. She had been a member of the Episcopal church for more than fifty years and was a most estimable woman, beautiful in graces.

was small, a response with a donation of \$237. Dr. Robertson is a charming preacher.

Dr. W. T. Simrall is a delegate and Asa Baun Alternates of the Southern Presbyterian Church to the called meeting of Synod which meets at Louisville to-day to consider the consolidation of Central University and Centre College.

There will be no preaching at the Southern Presbyterian Church next Sunday. Rev. Mr. Abbott will move his family here the first of May and will preach every Sunday after that time.

Rev. R. P. Johnston, eloquent, scholarly, and humble, has been called from the Third Baptist Church at St. Louis to the Fifth Avenue Baptist Church, New York City, at a salary of \$10,000 per year. Rev. Johnston's rise in the world has been wonderful. Left an orphan boy in Missouri, was a farm hand for his uncle while his sons took a graduating course, did everything well, ambitious, he told the writer that he had determined to go to the very top with men of letters and in his call to this church, one of New York City's most influential, with a yearly income of \$145,000, it may be his ambition is at rest. With all the preference shown, Dr. Johnston has continued a loving spirit, humble and deeply impressed that it is the hand of God that leadeth. His education was attained by his own pluck and industry; graduating with honors in Missouri and taking a full course at the Southern Baptist Theological Seminary at Louis-

Christians, and that it has been fore-seeing enough to set apart one of its choicest men for work among the educated classes in this land—an example which older missions might profitably follow.—Editorial in the Indian Witness, Dec. 27, 1900, leading Methodist paper in India.

## THE SICK.

Arthur Dixon, aged 16 years, is very sick with typhoid fever in Mattie Lee.

Mrs. Jas. H. Wood who has been quite sick, is very much improved.

### Suicide in Lexington.

At his home on Sunday morning Harry C. McDougle, member of the firm Cunningham & McDougle, committed suicide with a razor while his wife was at church. Nervous prostration from over work is said to be the cause. He was deacon in the Central Christian church.

### Combination Sale.

Oldham's Sixth Combination Real Estate Sale consisting of twenty pieces of business, residence and investment property, will be held at Lexington, Ky., in the afternoon, Tuesday, April 23rd. Automobiles and carriages will convey all purchasers from Oldham's office to each piece of property free; round trip railroad fare will be refunded to any out of town purchaser in this sale.

If you wish to invest in growing Lexington, the hub of the Blue Grass Region, don't fail to take advantage of this sale.

## BLUES

Ever have them? Then we can't tell you anything about them. You know how dark everything looks and how you are about ready to give up. Somehow, you can't throw off the terrible depression.

Are things really so blue? Isn't it your nerves, after all? That's where the trouble is. Your nerves are being poisoned from the impurities in your blood.

## Ayer's Sarsaparilla

purifies the blood and gives power and stability to the nerves. It makes health and strength, activity and cheerfulness.

This is what "Ayer's" will do for you. It's the oldest Sarsaparilla in the land, the kind that was old before other Sarsaparillas were known.

This also accounts for the saying, "One bottle of Ayer's is worth three bottles of the ordinary kind."

*It is a better. All druggists.*

*Write the Doctor.*

If you have any complaint whatever and don't think that medicine is doing you any good, write the doctor. He will tell you what to do. Write to Dr. J. C. Ayer, Lowell, Mass.

The census frauds in Maryland grow worse with further investigation. It seems that they were carried out with a persistence of a deliberate plan to increase the representation of the Legislature of Representative Mudd's faction of the Republican party.

Thos. W. Carter of Ashport, N. C., had had a terrible cold and one bottle of Foley's Kidney Cure effected a perfect cure, and he says there is no remedy that will compare with it.

Miss Alice Eaden, of Lexington, and Miss Agnes Barr, of Earlville, were granted license by the State Board of Pharmacy to practice pharmacy.

**THE WORLD,** Publisher, New York.

Frank Brown, the New York bank defaulter, who is in Cuba, Honduras, writes a friend in Cincinnati that fortune is commencing to smile on him. His good luck commenced, he says, when he recovered from an attack of malarial fever, which, it was thought, would prove fatal. Dr. Virgil E. Remond, United States Consul at Cuba, gave him up for dead, but he pulled through, and is well again, but weak.

As soon as Brown recovered the Honduras Government appointed him Quarantine Inspector at Ceiba. The position pays \$30 a month, and was secured for him through the influence of powerful saw friends.

Brown has also gone into a project from which he expects to reap rich returns. When he wrote his partner as a route to Tegucigalpa, the capital of Honduras, to attempt to secure a valuable concession from the Government. As Brown's partner is a man of great influence he is confident they will secure the concession, and he says their yearly profits will not be less than \$40,000 in gold. This leads him to talk rather hopefully of making good his dealings from the German National Bank and returning to Cincinnati.

The papers are printing the story of a Kansas negro who was stealing a ride on the trucks of a passenger train when the train ran into a trestle. The train stopped and the crew looked around to see the damage done and spied the negro. They fished him out and said: "What are you doing there?" "Why, I was riding 'dat mule," said the negro, and they took him in a passenger coach and carried him on his way with apologies.

Miss Elvira Synhor Miller, the gifted writer of the "Tattler" column in the Louisville Times has been appointed City Passenger Agent of the Louisville, Henderson & St. Louis R. R. She enjoys the distinction of being the first woman Passenger Agent in the United States.

Those horrid fits of depression, melancholy, low spirits and sudden irritability, that sometimes afflict even good tempered people, is due to the blood being permeated with black bile. Herbine will purify the blood, restore health and cheerfulness. Price 50 cents. Thos. Kennedy.
